

PERSONAL STATEMENT

I'm a 21 year old Interactive Media Designer from Cali, Colombia.

I have completed my coursework at Ices University, and to graduate I now need to do a 6 month professional internship.

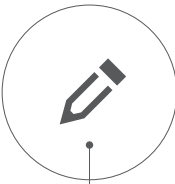

I live, eat and breathe Game Design & Development, Graphic Design, and Prototyping.

Let's make something together

EDUCATION

July 2011-Present
Bachelor of Interactive Media Design
Icesi University
Cali, Colombia

Thesis
"Emotional interactions between a videogame and it's player"

I built Wanderlust a videogame that captures the real life emotions of the player with EEG and then uses that data to affect the both game play and environment in real time.

Hoy es diseño- International relations committee - Icesi University - April 2015
Assistant Manager: Responsible for speaker outreach and management
